# RECONSTRUCTING HISTORY

## HISTORY IS NOT \_\_\_\_\_!

- People often use “\_\_\_\_\_” and “\_\_\_\_\_” interchangeably, but they are two different things...
- \_\_\_\_\_ = \_\_\_\_\_ that ever happened before  
\_\_\_\_\_. EVERYWHERE.
- \_\_\_\_\_ = Writing that \_\_\_\_\_ to truthfully \_\_\_\_\_ some important \_\_\_\_\_ of the Past

## HISTORY IS \_\_\_\_\_!

- Sources can be \_\_\_\_\_ (true for most of the Past!)
- Sources can be \_\_\_\_\_ (in other words, \_\_\_\_\_)
- Sources can be \_\_\_\_\_ or \_\_\_\_\_ (showing one opinion)
- Sources can be \_\_\_\_\_ (only giving \_\_\_\_\_ of the story)
- \_\_\_\_\_ can also be inaccurate, biased, or selective in \_\_\_\_\_ sources!
- \_\_\_\_\_ = type of \_\_\_\_\_, seeing the world only from the \_\_\_\_\_ of your own \_\_\_\_\_, possibly seeing other cultures as \_\_\_\_\_
- NOTE: Bias is not always \_\_\_\_\_! Sometimes we learn \_\_\_\_\_ from the author’s bias than the author’s information!

## HISTORY IS NOT \_\_\_\_\_!

- Most of history is \_\_\_\_\_, and the farther back you go, the \_\_\_\_\_ certain you get!
- History is not a \_\_\_\_\_ unified account (there is no book somewhere called HISTORY where all of the history is written in one place)
- History includes every \_\_\_\_\_ of history that \_\_\_\_\_
- Multiple \_\_\_\_\_ source accounts about the \_\_\_\_\_ events often \_\_\_\_\_
- \_\_\_\_\_ themselves often disagree about which accounts are more \_\_\_\_\_
- \_\_\_\_\_ of new sources can \_\_\_\_\_ previous beliefs about history
- As a \_\_\_\_\_ of history, you \_\_\_\_\_ learn what happened in the past. You learn how to \_\_\_\_\_ history to come to your own \_\_\_\_\_ about the past, making your own “history.”
