# The Protestant Reformation: Man vs Machine

**Directions:** Working as a group, read and analyze the documents relating to the spread and influence of the Protestant movement, and using these documents, develop arguments supporting both sides of the debate. In the end, you will have to argue for one side over the other, but right now, you do not know which it will be, so you must prepare for both. This will allow you to fully understand both sides. For each argument,

- present the claim of your argument, clarifying in simple terms, and (CC)
- cite evidence from the documents, and explain specifically how the evidence supports your position (EEJ)
