3. What types of lessons, activities, and/or assignments did you like the most? Why?

Dear Amazing Students,

It has truly been an honor and a privilege to teach all of you this year. I have truly enjoyed watching you all grow in your understanding of history and of the way human societies function and develop. I sincerely appreciate all the hard work you have done for this class all year (I know I drove you insane with "mad" homework and essays with "EIGHT PARGRAPHS!") and I am happy to see how it has paid off in your ability to draw connections between events from different times and places and your ability to make predictions based on your awareness of the broader themes and repeating trends of history. I wish you all the best in tenth grade, on the Regents, and MUCH more importantly, in life. Know that my door is always open if you need some ninth grade review, if you want to join one of my clubs, or if you just want to say hi.

Thank you, Mr Casey
